

**“SEXTING”**  
**A Presentation for Parents**  
**SPONSORED BY ROYAL OAK YOUTH ASSISTANCE**

The purpose of this presentation is to inform parents on the laws governing the technology that our youth use every day: cell phones, computers, the Internet – and the consequences of breaking those laws. The presentation is not designed to scare, but to educate. The goal is to raise awareness and to prevent people from breaking the law. The Prosecutor will discuss issues including the sending of threatening text messages, the posting of intimidating messages, and the exchange of explicit photos of minors. At the end, there will be time for questions and answers. Royal Oak Youth Assistance hopes that this information will help parents begin a dialog with their children about the use of technology.

The presenter is Ms. Jessica Cooper, Prosecuting Attorney for Oakland County.
